Dear Ed Dodson:

Thank you for your letter of Dec. 10, 1985.

I'm not familiar with WORLD ECONOMIC REVIEW either. I don't know who sent me the copy that I received. Big volumes of unsolicited mail cram my small apartment mailbox and are a great interference with my own personal mail. I just happened to scan through the copy I received and it was only when I saw COMMON GROUND mentioned that I decided to write. People who don't carefully read HG's P&P erroneously assume that HG was a communist or Socialist because of his statements such as "We must make land common property" and another quote that I don't remember fully but it is something to the effect that his remedy would achieve some of the goals of Socialism. (But he wasn't talking about the abusive type of Socialism practised in USSR. or China and other Eliteist Dictatorial governments in USSR, China and other Iron or Bamboo Curtain dominated countries)

If enough people had listened to HG in the late 1800's and studied P&P in the 1900's, Involuntary Poverty & Involuntary Unemployment would probably have been eliminated and we in America would have a Constitutional Republic in which Freedom & Justice and the Laws of God would be respected.

Sorry that I don't have a copy of the late Col.E.C.Harwood's "STOP THIEVES" address ( I believe one of his last before his death - I believe in about 1980) - which I'll try to send you after I return to Wash.D.C. In it he shows 4 Types of Slavery (the First type was Chattel Slavery - eliminated in USA in the 1860's) However Types 2,3&4 are still enslaving most Americans today. Type 2 was the kind HG preached against in P&P and many other writings. Types 3&4 have been gradually increasing in intensity since at least 1916 and especially since 1933. Instead of the people being Sovereign (as was the intention of our Founding Fathers in Constitution & its Bill-of-Rights Amendments) Our Government has become quite Tyrannical - and ruled by an elite that includes some elected and some non-elected individuals (such as International Bankers some of whom are from foreign countries) also such persons (present or past) members of CFR and TC & Bilderbergers that support the aims of those 3 organizations that are in many cases not in conformity with U.S. Constitution

If we could get the President & Congress to return to Constitutional money (ART.I, Sec.10: NO STATE SHALL MAKE ANY THING BUT GOLD OR SILVER COIN A TENDER IN PAYMENT OF DEBTS.) we might better eliminate Type 2 Slavery in America - especially if we also eliminated the Federal Reserve - privately banker owned System). If we could get Pres & Congress to adopt fully Frederiksen's suggestions in enclosed Ltr. to Pres we could eliminate much of the Type 3 Slavery imposed on Americans by IRS - much of which is unconstitutional - though acquiesced in by Pres., Congress, and many Judges and other government officials.

I pray that God will bless & Guide Common Ground associates.

Sincerely,

John Garner

*no excuse typos etc. There are several other  
polit. related causes of I.P.F.U that need correction  
but I don't have room or time to cover now.*
